What goes into my mind while assessing student activity in Lab 2 (Phy 300/500)!

~Sabieh Anwar

- Not bringing notebook (-10%)
- Lab diary and note keeping (15-20%)
- Lab cleanliness (5%)
- Experimental skill (20-25%)
- Simulation (15-20%)
- Theory
- Pre-lab reading
- Data: inference, presentation, interpretation, uncertainties & graphing (20-25%)

BONUS

WILL ATONE FOR OTHER WEAKNESSES

- Build new hardware or a circuit
- Improving & refining an experiment
- Creating and exploring the unknown
